

HUMAPOL HORSE SUSPENSION

Mineral fodder, with natural humic acids for hobby and race horses.

Hobby & Race Horses

Immune System Booster: humic acids involved in energy-producing processes in cells, as electron-transfer catalysator so the body has more energy left to defend themselves. Humic acids has exceptional physiological effect as organic complexing agents, promoting the micro-nutrients uptake efficiency. micronutrients and trace elements are essential for the functioning of the immune system and vitamins and enzymes and antibacterial and antiviral effects in

Detoxification effect: humic acids in the feed will help to remove various toxins from the body and also will block several toxins from uptaking. Detoxification activity based on the strong chemisorptive effect to a toxins. It is effective against micotoxins and also against toxic heavy metals.

Anti-stress effect: horses are very sensitive to stress, which can cause serious performance degradation. The adsorption of humic acids strengthens the immune system and detoxification effects together and apply beneficial physiological effects of performance enhancers enriched with micronutrients.

Expected effects:

- + Improving the health of unborn foals
- + Improving calving conditions rarely occur in miscarriage, fetal membrane retention and milk fever, stimulates the uterus involution, positive impact on the estrus and improves fertilization and promotes adhesion of the fetus
- + Improve the production of stallion semen, sperm quality by the end of the mating period stretched
- + Continuous feeding dramatically improve the resilience of the stallions and mares against diseases
- + Hoof-system are firmer and brighter hair
- + Improve the consistency of the faeces
- + Increase in hemoglobin synthesis, improved respiratory efficiency
- + Balanced, stable nervous system
- + Greater organizational strength
- + Increased vitality
- + Outstanding competitive performance
- + Reduce the vulnerability

Dosage:

100-200 ml/ head/ day by pouring and mixing on the feed (wet feed is the best) Mouth-administered pump could be also used

Do not give in a closed water supply system, it could settles Humapol Horse suspension contains only natural ingredients, natural humic acids, minerals and trace elements.

Packaging: 20 liter buckets
